Setting-Up Your Hurford Youth Fellowship Application Account

Step 1.
   a. Visit our online application portal: https://www.nedfellowships.org/

Step 2.
   a. Click on “Create a new account.”
Step 3.

a. A confirmation link will be sent to the email you provided from noreply@nedfellowships.org. Please check your spam folder if you do not see an email.

b. Click the link provided in the confirmation email.
c. You’ll be brought to a webpage where you will create a username and password.

d. Click ‘Continue to Login’ when you create a new account successfully.
e. To sign in, enter your created username ending with @nedfellowships.org. Do not enter your personal email address. Insert your created password when prompted afterwards.

Step 4.

a. More information will be required when you log in for the first time to enable multi-factor authentication. When prompted, click the ‘Next’ button.
b. You’ll be asked to authenticate using Microsoft Authenticator App and your phone. If you forget your password to the account, you’ll be able to regain access. Follow the steps to obtain and install the Microsoft Authenticator App. If you need help installing and setting up the app please refer to Microsoft’s instructions here and here.

c. After installing the app on your phone and clicking “Next” on the screen above, you will be prompted to set up your account on your phone. Click add an account and then select ‘Work or school.’ On your computer, click “Next.”
d. Scan the QR code that appears on your computer screen using your Microsoft Authenticator App on your phone. Click “Next.” You will be prompted to enter a code that appears on your computer screen in your phone app. Once you have done so, you will receive a message on your computer that Authenticator is approved, and your account with username will become visible in the Microsoft Authenticator app on your phone. **After your account appears in your Authenticator app, you can use the one-time codes to sign in.**
You have now successfully set up the Authenticator app, and will be prompted to set up your phone as a second authentication method. Enter your phone number, and click next. You will receive a six-digit code by text.
f. You’ll receive a six digit code by text. Enter the code in the designated box and click ‘Verify.’ Enter the code in the next screen, and you should receive the following message:

![Keep your account secure: Phone verification complete.](image)

You’ll then be prompted to ‘Next’.

g. Once you have installed and completed authentication for Microsoft Authenticator and for your phone you will receive the following message. Click “Done” and it will bring you to the application home screen.
